To whom it may concern,

I do not wish to open a letter on the matter of research, however my question is:

Can you please provide me with a list of all the research projects that are currently being funded by the NH&MRC?

I am particularly interested in research projects that are related to the following areas: **technology, pathology, immunology, virology, health care, and public health.**

Thank you for your assistance and I look forward to hearing from you.

Yours faithfully,

**Dr. [Name]**
